

If your children need help when they are reading, you can...

1. Allow them time to think (about 5 seconds).
2. Encourage them to go back and read the sentence again.
3. Help them to think about what would make sense.
4. Have them look at the pictures.
5. Suggest that they start the word by using the first sound in the word.
6. Help them find a part of the word they might know.

Example: _at
cat
hat

_ _ _ _ ing
working
knowing
